*How To Build A Motorcycle Frame From Scratch*  
I took these photos and wrote the associated words back in 2011 or so, which ended up as a four-part build article in Hot Bike magazine. I dug this up and figured it was worth sharing, as it shows steps all along the process, from a basket case Panhead bought locally on Craigslist on to the finished chopper which I still enjoy. At the time, I had never owned a Harley-Davidson, having a number ...

*Step-by-Step: Tyler’s 1959 Harley-Davidson Panhead Chopper ...*  
A custom made bobber frame follows the bobber style with the stock rake angle and look. Usually, Choppers will have a rake angle that really puts that front wheel out there and also has a lot of custom looks. The frame is significantly different from a stock frame so it is very obvious that it is not a stock frame.

*Bobber Frame Guide! - Bobber Motorcycles*  
As with building a home, a chopper must start with a frame, which will become your rolling chassis. You can either build a frame or purchase one. Since this guide is about using salvage parts, you can purchase a frame from a yard and make modifications.
