Sarno's 1998 book "The Mindbody Prescription: Healing the Body, Healing the Pain" functions in a very special manner, in that educates and heals at the very same time. It's value goes beyond traditional study of what makes a book good or bad, in that it is the equivalent of medicine v TMS. Tension Myositis Syndrome is relatively new term that few doctors are aware of, or want to be aware of.

This book has contributed so much to my healing and it remains a valued source of encouragement and information for me. I found I gained a full understanding and acceptance of TMS by reading John Sarno's book The Mind Body Prescription first, followed by The Great Pain Deception book by Steven Ozanich which deepened my understanding of the condition and how it was showing up in my life.

About The Mindbody Prescription. When people speak of MBP they refer to Sarno's third book, commonly called "The Mindbody Prescription," but fully titled The Mindbody Prescription: Healing the Body, Healing the Pain. Released in 1998, this is the first book by John Sarno where he includes other chronic conditions as TMS, a key component missing from his previous two books, Mind Over Back Pain and Healing Back Pain.

[The Mindbody Prescription - The TMS Wiki](#)

In summary, The Mindbody Prescription is about emotions, illness and wellness -how they are related and what one can do to enhance good health and combat certain physical conditions. In other words, it addresses physical disorders that are caused by repressed, unconscious feelings.
