The Wilde One is part of a series of the Wilde family members (brothers and cousins) and can be read as a standalone book. I actually bought this on Amazon as part of a four book series that doesn't seem to be in Goodreads. Adrian is the traditional commitment phobic bachelor. Chayse is doing a photo shoot for an outdoorsman calendar.

Oscar Wilde > Quotes > Quotable Quote "A map of the world that does not include Utopia is not worth even glancing at, for it leaves out the one country at which Humanity is always landing. And when Humanity lands there, it looks out, and, seeing a better country, sets sail. Progress is the realisation of Utopias."

Wilde Ones is a long-standing independent store based on the iconic Kings Road, in the heart of Chelsea, London, UK. Emerging out of Camden Market in 1987 and then the legendary Kensington Market and Blue Bird Garage in 1991, both the epicentres of London fashion, it slowly blossomed into a unique ramshackle emporium, consistently expanding and refining its remarkable collections sourced from around the world.
