Subtraction on the 100s
Chart - YouTube

How to add or subtract
on a 100 chart is a piece
of cake! It's really
helpful for students who
need a boost in counting
by 1s and 10s. You do
not need to worry about
regrouping or
borrowing either. All
you need are some
2-digit numbers and a
100 chart. Once

Online Library Using Hundreds

students become
proficient in using the
100 chart to add, they
will not need the chart.

How to Add and
Subtract on a 100 Chart
| Teacher's Take-Out
How can the hundred
chart help students add
& subtract 2-digit
numbers? 1. Add 1 or
10: Here, our friend the
bunny helps students

begin using the hundred chart to add and subtract. We start... 2.

Add a round number: A smart next step to take in teaching addition or subtraction of 2-digit numbers is ...

How the Hundred Chart Helps Students Add & Subtract

Hundreds charts, or 120 charts, are used a lot in

Online Library Using Hundreds

early elementary to help kids with a lot of mathematical concepts.

In particular, they are often used for addition and subtraction.

However, I have seen kids struggle way too much with this model, and they aren't learning the conceptual understanding through the model, and often I see kids using it as a
