3 Unbelievable Viking Grave Goods That You Should Know ...

The scope of grave goods varied throughout the viking diaspora, signifying the adaptability of viking funeral practices as they were influenced by these new cultures. While some factors such as animal themed ornamentation amongst jewelry and relics remained universal throughout the viking diaspora, some objects varied on the account of differing cultural influences.

identify many Scandinavian graves in places as far apart as Greenland and Russia" (Jesch 1991, 12). In particular, the distinctiveness of Viking Scandinavian traditions of ornamentation makes their goods easily recognizable. Moreover, the presence of gendered goods at Viking controlled territories is a concrete indication of female burials.

B

Vikings were buried with everything they might need in the next world. The items (or grave goods) would vary according to the status and profession of the deceased individual. A warrior, for example, would be buried with his best weapons and armour, whereas a farmer's wife might be buried with her wool spinning tools.

Viking Burials: Facts and Information - Primary Facts

The contemporary archaeological record of the find is not as good but the grave goods would tend to indicate a pagan grave. The grave may be located in a mound or Church yard. Discredited (D) The argument in favour of this being a Viking grave has now been discredited although it has previously been published as such in the past.

Viking burials found in Wales - The Viking Age Compendium

They uncovered evidence for all periods, but from the 900s-1100s there were quite a number of graves, including men, women and child burials. Obviously it's quite poignant anyway, but it also highlights that the Viking Age wasn't just about the big men from Scandinavia, it encompassed Manx society.

Tributes and gifts, known as "grave goods" and usually of equal value to the deceased's status, were buried or burned along with the recipient. These goods ran the gamut, from weapons to jewelry to...

How Did The Vikings Honor Their Dead? - HISTORY

Vikings were buried with grave goods and great care was taken in displaying the individual and representing both the individual and their family's status and belief systems. Each grave was carefully crafted and orchestrated for the dead and the living. As Neil Price in "Dying and the Dead: Viking Age Mortuary Behavior" explains,
